

Parent Consent for Preventative Products

With parent/guardian written approval, centers may use preventative products such as sunscreens, insect repellents, non-medicated cornstarch, petroleum jelly and A&D ointment without a physician's order. The preventative products will be provided by the parent. The teacher or caregiver would need to fill out the Medication Record form.

Consent

Please initial next to the items you approve.

_____ Sunscreen _____ Insect repellents _____ Non-medicated Cornstarch
_____ Petroleum Jelly

Non-prescription, diaper rash treatment of choice (please fill in your choice)

By signing this form I give Head Start staff permission to use the preventative products supplied by me, on my child.
